   Eligibility will be considered for individuals who are uninsured, underinsured, ineligible for governmental health plans, and who are unable to pay for their care, based upon the determination of financial need outlined within this policy. Community Care determination will be based upon an individual’s financial need and will not take into account gender, race, social status, sexual orientation, or religious affiliation. Individuals must reside or have a primary care physician in DSH’s service area as defined by Divine Savior Healthcare Administration.** All third party resources and other financial aid programs, including public assistance available through state Medicaid program and Badger Care must be exhausted before consideration of Community Care. Timely payment terms of the remaining patient balance musts be met to qualify for the Charitable Care provided.

3. PROCESS BY WHICH PATIENTS APPLY FOR FINANCIAL ASSISTANCE:
   a. Financial need will determined using procedures that assess an individual’s financial need. These may include the following:

      ii. The use of external publically available data to determine a guarantor’s ability to pay.
      iii. Reasonable efforts by DSH to seek alternative sources of coverage (public or private) and payment.
      iv. Review of the patient’s assets and all other financial resources available to them
v. A review of all outstanding accounts for the individual, as well as previous payment history.

b. It is preferred that an application for Community Care be completed prior to receiving medically necessary or emergent services. However, DSH will accept application at any point within the collection process. Financial need will be re-evaluated at each service, for those services rendered within 90 days of the date of service approved with the original application approval.

c. Requests for Community Care will be processed promptly. Patients applying will be notified within 15 business days of receipt of a completed application.

4. PRESumptive Financial Assistance Eligibility:

a. Patients who are unable to complete an application form may be eligible for Community Care if other evidence is available which may indicate financial hardship. This information may be obtained from a patient interview, credit report, or other available records. Consideration will be given on an individual basis.

b. Other provisions under presumptive eligibility:
   i. Deceased with no estate – based on the conclusion that the decedent has no assets, and therefore no ability to pay. *
   ii. Accounts uncollectible due to Discharge of Debtor by bankruptcy. *

   v. Qualified individuals under another organization’s similar Community Care application process.

* No Community Care application needs to be completed in these instances.

5. Eligibility Criteria & Amounts Generally Billed to Patients:

a. Eligible services under this policy will be made available to patients based upon a sliding fee scale, according to their financial need as determined with reference to Federal Poverty Levels.

b. Community Care allowances up to 100% may be provided to applicants. See attachment of criteria eligibility based on Federal Poverty Levels which may change annually.

c. The allowance amount is based on poverty guidelines established by the Department of Health and Human Services and Asset limitations set forth by Divine Savior Healthcare.

d. Write-offs in excess of $5,000 require approval of the CFO. Director of Patient Accounts or Director of Finance may approve write-offs less than $5,000.

e. Patients whose family income does not make them eligible for allowances at 100%, will have financial responsibility for services no greater than the Amounts Generally Billed (AGB).

f. To calculate the AGB, Divine Savior Healthcare takes the total of its claims for all
medical care that have been allowed by Medicare, Medicaid, Commercial, and Managed Care insurers for the prior fiscal year and divides it by the sum of its gross charges for those same claims. This percentage is then applied to uninsured balances that are eligible under this program. The current year’s percentage and accompanying description of the calculation is available in writing and free of charge by contacting the Financial Counselors at 2817 New Pinery Road, Portage WI 53901 or by calling 608-745-5640.

g. DSH will recalculate the AGB on an annual basis, based upon data from the prior fiscal year. Divine Savior Healthcare’s fiscal year is from July 1 to June 30. The recalculated AGB calculation will be effective October 1st each year and applied to the ensuing 12 months determination made on or after that date regardless of the date of service or original date of application.
